Customise your feature-packed blinds

Tailor your blinds

CHOOSE HOW YOU WANT TO OPERATE YOUR BLINDS

SuperSpring® Manual System

Moving the blind is easy and fast, as the weight of the blind is borne by our patented SuperSpring®. A few seconds is all it takes to push up or pull down the blind.

Optional "child safety latch" is available for manual systems.

OR

Intelligent Motorised System

Enjoy one-touch operation with motorised blinds. All our motors are equipped with obstacle-detection function to help protect your blinds from damage. Choose from Somfy® or Dooya® brands to create home automation solutions for a truly smart home.

Features you won't find anywhere else...

No more wrinkles

Ziptrak® blinds are uniquely built to withstand strong winds, thanks to its patented side spline; which is welded to the front AND back of the fabric. This keeps the blind wrinkle-free and makes it the toughest system in the market.

Built for Singapore

Ziptrak® engineers are constantly innovating our blinds, to meet the urban lifestyle needs of Singapore residents. Ease of use, safety and durability are always at the forefront of our designs; so you can enjoy peace of mind with Ziptrak® blinds.

Tall and wide

Ziptrak® blinds can go up to 6m wide, even for high-rise apartments. For double-volume units, Ziptrak® blinds easily cover a space of up to 4.7m* tall!

Keep bugs out

Special bristles in our PestOut® pelmet keep your blind clean, while preventing pests like bees and wasps from building nests inside the pelmet.
